

Press Release
19th January 2010 ~ For Immediate Release

ANGRY ROBOT PUTS THE HORROR BACK INTO HORROR FICTION

Angry Robot, HarperCollins' imprint focussing on innovative fantasy and science fiction, has turned its attention to reinvigorating horror.

Gary McMahon's *Pretty Little Dead Things* and its sequel promise an astonishing mix of David Peace and modern Japanese horror cinema to create a truly unique fusion of intense writing and sheer terror.

Marc Gascoigne, Angry Robot's publishing director, said: "Horror thrives in movies and graphic novels. Like our other recent discovery, Kaaron Warren, Gary is at the forefront of a new generation of writers bringing that energy back to horror fiction."

McMahon added: "Working with the Angry Robot family, it feels as if I'm participating in something fresh and vital. Exciting times lie ahead."

Pretty Little Dead Things will be published in the UK and Australia this July, and in the US (also by Angry Robot) in winter 2010. Its sequel, *Dead Bad Things*, follows in the Spring of 2011, with US publication shortly thereafter. All Angry Robot titles are available in paperback, eBook and audio formats.

About Angry Robot

Angry Robot is the new genre imprint from HarperCollins, bringing you the best in new SF, F and WTF?! Our first titles hit the stores in the UK and Australia on 1st July 2009. We debut in the US in May 2010.
