

Press Release

5th February 2010 ■ For Immediate Release

The Father of Steampunk Signs With Angry Robot

KW Jeter coined the term *Steampunk*, but unbelievably his classic novels *Infernal Devices* and *Morlock Night* have been out of print since the early 1980s. Angry Robot are delighted to announce that we are bringing them back to a new generation of readers in paperback, audio and eBook formats.

Infernal Devices tells the story of George – a Victorian watchmaker who has inherited his father’s shop, though not his talent. A tale of time travel, music and sexual intrigue, *Infernal Devices* is a true classic.

Morlock Night, meanwhile, is a wild sequel to Wells’ *The Time Machine* – having acquired a device for themselves, the brutish Morlocks return to invade sleepy old England...

So, don your brass goggles, wind your mechanisms and sit back with a couple of true classics from a steam-driven Angry Robot.

***Infernal Devices* and *Morlock Night* will be published worldwide by Angry Robot.**

UK/Aus: October 2010 (ISBNs: 978-0-00-736575-3 / 978-0-00-736576-0)
Infernal Devices / Morlock Night

US/Can: December 2010 (ISBNs: tbc)
